

ILEANA MAZILU

Medical & Health Content Writer

Bucharest, Romania (Remote) · iancuileana83@gmail.com · +40 766 687 508 · linkedin.com/in/ileana-mazilu-aa2111181

PROFESSIONAL SUMMARY

Health and medical content writer with a 20-year clinical foundation as a pharmacy technician in Romania, including hands-on experience with adverse drug reaction monitoring and patient-facing medication guidance. Since transitioning toward writing, I've built a self-directed portfolio of health articles and taught myself the fundamentals of pharmacovigilance and EU MDR regulatory concepts. Comfortable using AI tools as part of a modern writing workflow, alongside independent research using PubMed, Cochrane, and Medscape.

CORE STRENGTHS

- 20 years of direct clinical/pharmacy experience — a real edge over generalist health writers
- Self-taught grounding in pharmacovigilance and EU MDR regulatory concepts (CER, PMCF, PSUR)
- Efficient, AI-assisted writing workflow paired with independent literature research
- Comfortable building simple no-code websites and tools (Wix, Lovable) to support content work

EXPERIENCE

Senior Pharmacy & Clinical Technician — Romania

April 2004 – May 2024

- Monitored and documented adverse drug reactions (ADRs), supporting patient safety and regulatory reporting requirements
- Provided medication and drug-interaction guidance to patients and healthcare professionals
- Maintained accurate pharmaceutical records and inventory within digital healthcare systems
- Translated complex therapeutic information into clear, accessible guidance for patients

INDEPENDENT PROJECTS

Self-Directed Writing & No-Code Development — Remote

2024 – Present

- Researched and drafted a portfolio of evidence-based health articles, using PubMed, Cochrane, and Medscape as primary sources
- Self-studied EU MDR regulatory writing concepts (CER, PMCF, PSUR) and pharmacovigilance fundamentals
- Designed and built a professional portfolio website and a document-review prototype using no-code tools (Wix, Lovable), including hands-on use of the Gemini API
- Participated in several public build challenges (Squarespace, Envato, Flowstep), designing and shipping multi-screen product prototypes end to end

WRITING SAMPLES

Self-published portfolio of health and medical articles (AI-assisted drafting, independently researched and edited):

- Chronic Disease Management in the Digital Age — Contently
- Adverse Drug Reactions: Recognition, Reporting & Prevention — Medium / Contently
- Infectious Disease Prevention: From Clinical Guidelines to Public Communication — Medium
- Pharmacovigilance in the 21st Century: Data, Reporting & Patient Safety — Contently

Portfolio: iancuileana.contently.com · medium.com/@ileanaiancu · ileana-mazilu.lovable.app (personal portfolio + AI-powered document-review prototype, built with Lovable/Gemini API)

SKILLS

Medical/Clinical: Medical terminology · ADR monitoring · Patient safety · Medication guidance

Research: PubMed · Cochrane Library · Medscape · Google Scholar

Writing: AI-assisted drafting · editing · evidence-based health content · patient-facing communication

Technical: Wix · Lovable (no-code development) · Gemini API (basic integration) · CMS platforms

Regulatory Concepts (self-taught): EU MDR structure · CER/PMCF/PSUR document purpose and requirements

Languages: Romanian (native) · English (professional working proficiency)

EDUCATION

Engineering Degree — Food Service Engineering & Management / Agrotourism

University of Agronomic Sciences and Veterinary Medicine of Bucharest (USAMV), 2012

Pharmacy Assistant Certificate (Nivel 3) — Școala Sanitară Postliceală "Carol Davila", Bucharest

Issued by the Romanian Ministry of Education and Research, January 2005
